Inclusion and
Continuity in Education

Jan Deyl Conservatory and Secondary School, a contribution organization, participates in the Erasmus+ project "Inclusion and continuity in education (The best practice of continuing inclusive education after primary school)".

Four schools from different European countries participate in the project:

- Jurmalas Vaivaru pamatskola, Latvia
- Colegio de Educación Infantil y Primaria Francisco Pino, Spain
- Istituto Comprensivo Don Roberto Angeli, Italy
- Konzervatoř a střední škola Jana Deyla, příspěvková organizace, Czech Republic

Main objectives of the project:

- Create partnerships between participating schools that work with pupils with special educational needs and help their pupils and students with their education
- Mutual sharing of experiences and good examples, proven methods and procedures related to inclusive education
- Organizing seminars on the topic of the project
- Raising awareness of the importance of this topic
- Creation of a methodological recommendation for the Latvian Ministry of Education and other interested parties

Main target groups of the project:

- Educators and employees of participating schools
- Educators from other schools who are interested in the given issue
- Latvian Ministry of Education
